ADDITIONAL INFORMATION

Within the field of Public Safety, there are things viewed for learning purposes that the typical High School student may not be used to seeing. Some examples of this would be the Mecosta County Morgue tour, hospital tour, jail tour, crime scene photos/videos, severe burn victim photos, work-based learning calls, disturbing dispatch content, etc. I always give students the option to step out of the room during difficult content.

Please turn in this page to your instructor for your file at MOCC. Keep the syllabus for your review after turning in this page
